

Learn what your kids know about the Internet and how to catch up so you can guide & protect them

The White Bear Lake Area School District and the White Bear Lake Police Department have partnered to offer an informational session to community members.

Parent Internet Safety Presentation
7 - 8:30 p.m.
Thursday, November 10
District Center Room 201
4855 Bloom Avenue, White Bear Lake

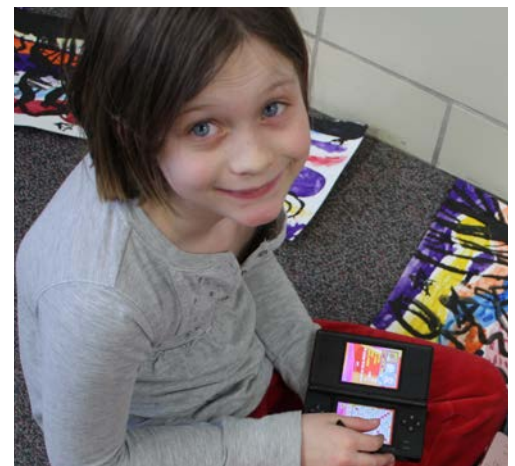

During this session, you will learn how to know whether your children are using technology responsibly. You will have the opportunity to ask about your specific concerns and learn from other parents.

Topics include:

- Social networking sites and their role in kids' lives
- How to find out if your kids are accessing inappropriate websites
- How kids can get into trouble with cell phones
- How kids can use the Internet for bullying
- Preventing on-line stalking, predators, etc.
- What's next on the technology horizon

This free session is only for adults. Student sessions will be hosted separately in various schools.

Questions? Contact White Bear Lake Area Schools Jody Reber (651-407-7563) or White Bear Lake Police Captain Randy Johnson (651-429-8553).

The informational presentation is sponsored by:
