## **WBLAHS One Act to compete at State**

WHITE BEAR LAKE, Minn. – After a number of years on hiatus, the White Bear Lake Area High School’s one act play is going strong once again. The 20-person team won Sub-Division and Sections events to advance to the February 10 state competition as one of only eight schools in Class AA.

White Bear’s One Act play team will perform at the State Tournament at 3:15 p.m. Friday, February 10 at O’Shaughnessy Auditorium at St. Catherine University in St. Paul.

The piece to be performed by the students is “Radium Girls,” a story about factory workers in 1928 who became ill after being exposed to radium in the workplace. The story continues as the company tries to cover the incident up while the women struggle to let people know of the injustice and seek a settlement from the company.
